

## **Fellowship in Head & Neck Oncology Surgery/Cranial Base Surgery**

### **University of California Irvine School of Medicine Chao Family Comprehensive Cancer Center**

July 1, 2006 through June 30, 2007

Applications for a one-year fellowship in advanced head and neck oncologic surgery located at an NCI-designated Comprehensive Cancer Center in Southern California are presently being accepted. Fellowship training includes surgical management of advanced head and neck cancer, anterior skull base surgery, pediatric skull base surgery, laryngology including laryngeal reinnervation, and microvascular surgical training. The incumbent will be appointed at the Clinical Instructor level.

Applicants must successfully complete residency training in Otolaryngology-Head and Neck Surgery, and meet requirements to obtain a California Medical License.

Interested individuals should submit a letter of interest, curriculum vitae and three letters of recommendation to:

William B. Armstrong, M.D., FACS  
Associate Professor and Vice-Chair
