

Wednesday 1st July 2026

Time	Stream 1	Stream 2	Stream 3	Stream 4	Stream 5
08:00 - 09:00	Refreshments, Exhibition and Posters Hall 5				
08:00 - 09:00	<p>INST1 Instructional session: The problem mastoid cavity: Prevention vs cure</p> <p>1. Mastoid Debridement using Bonivie Bioactive Glass - The Belfast Experience, Colin Leonard, Neil Balle</p> <p>2. The problem mastoid: aetiology and management, Mahmood Bhutta</p> <p>Chaired by Mahmood Bhutta</p> <p>Location: M1</p>	<p>INST2 Instructional session</p> <p>1. Rhinology & Otolaryngology in Collaboration: Establishing A One-Stop Nasal/Oral Service, Simon Morris, Heikki Whitte</p> <p>2. Contemporary Endonasal DCR Principles, Pearls, and Pitfalls, Tharsha Myrnan, Ashok Rikade, Sonal Narendran</p> <p>Chaired by Tom Bradish</p> <p>Location: Forth</p>	<p>INST3 Instructional session</p> <p>1. Open craniofacial surgery and mid-facial approaches to the skull base: bridging the gap between rhinology and neurosurgery, Cameron Davies-Husband</p> <p>2. NHS Surgical Preparedness for Large Scale International Combat Operations, Richard Williams</p> <p>Chaired by Joy Goswamy</p> <p>Location: Boisdale</p>	<p>INST4 Instructional session</p> <p>1. Open Book Examination: Rethinking Assessment for Deeper Learning and Reduced Stress, Saurav Sarkar</p> <p>2. Otolith-Focused, Visually Driven Vestibular Rehabilitation: From Protocol to Practice, Shyma Ostirik (virtual talk)</p> <p>Chaired by James O'Hara</p> <p>Location: Alsh</p>	<p>INST5 Instructional session: SAS Committee</p> <p>1. ENT Portfolio Pathway and Workflow, Ann-Louise McDermott, Charlie Hall</p> <p>2. Personal Experiences and Challenges of the Portfolio Pathway, Sheeta Sharma</p> <p>3. Choosing a SAS Career in ENT and Specialist Pathway, Amit Kochhar</p> <p>4. Q&A</p> <p>Chaired by Ann-Louise McDermott and Charlie Hall</p> <p>Location: Dochart</p>
09:00 - 10:00	<p>W01 Otology and Paediatrics</p> <p>Eustachian Tube Balloon Dilation</p> <p>1. Eustachian tube balloon dilation for children, Jason Powell</p> <p>2. Eustachian tube balloon dilation for adults, Simon Lloyd</p> <p>3. Balloon dilation as a clinic procedure, Jonathan Joseph</p> <p>3. The evidence for Eustachian tube balloon dilation, Oliver Swords</p> <p>4. Roundtable discussion and Q&A</p> <p>Chaired by Matt Smith</p> <p>Location: Dochart</p>	<p>W02 Rhinology</p> <p>Evidence Based Medicine</p> <p>1. NAROS & MACRO, Carl Philpott, Sean Carrie</p> <p>2. Drug eluting stents: Sinus Balloons, Gemma Wilson</p> <p>3. Rapid Fire - Clarifin (balloon for runny nose and Latera (absorbable implant for nasal valve), Maryn Barnes</p> <p>4. Tatinim Implant, Sri Mahalingam</p> <p>Chaired by Carl Philpott</p> <p>Location: Forth</p>	<p>W03 Paediatrics and Laryngology</p> <p>Vocal Cord Palsy Management in Adults and Children</p> <p>1. Diagnosis and injection augmentation (LVFP, Aphrodite laccoidou</p> <p>2. Thyroplasty and Arytenoid Adduction in LVFP, Rebecca Howell</p> <p>3. Unilateral Non-Selective Reinnervation in adults and paediatrics, Andrea Burgess</p> <p>Chaired by Kate Heathcote</p> <p>Location: Boisdale</p>	<p>W04 Head & Neck</p> <p>Parotid Tumours</p> <p>1. Tips and Pearls in Parotid Gland Surgery: Lessons Learned in 25 years of Practice as an Oral Maxillofacial Surgeon, James McCaul</p> <p>2. Dilemmas in Parotid Malignancy: an Evidence-Based Approach to the Facial Nerve, Elective Neck Dissection and Adjuvant Radiotherapy, Jonathan Bernstein</p> <p>3. Interesting Cases that I have learned from in Parotid Surgery / Update on the Salivary Gland UK Research Group, Nicola Stobbs</p> <p>Chaired by Sanjay Sood</p> <p>Location: Alsh</p>	<p>W05 Sustainability in ENT</p> <p>1. Hugh Montgomery</p> <p>2. Mahmood Bhutta</p> <p>3. Jak Ying Tan</p> <p>Chaired by Mark Williams and Phil Yee Wong</p> <p>Location: M1</p>
10:00 - 11:00	<p>PL1 Plenary Lecture by Ginny Bowbrick - EDI: Channelling your Inner Mirandas</p> <p>Chaired by Helen Cocks</p> <p>The Clyde Auditorium</p>				
11:00 - 11:30	Refreshments, Exhibition and Posters Hall 5				
11:30 - 12:30	<p>W06 Otology and Paediatrics</p> <p>Keynote Lecture by Tobias Moser</p> <p>Otologic therapy for hearing loss</p> <p>Chaired by Matt Smith</p> <p>Location: M1</p>	<p>W07 Rhinology</p> <p>Sinonasal Tumours</p> <p>1. IP, Ali Qureshi</p> <p>2. Overview-Malignancies, Pavol Surda</p> <p>3. Panel Discussion - Management Controversies and MDT Governance, Mriganka De</p> <p>Chaired by Louise Melia</p> <p>Location: Alsh</p>	<p>W08 Paediatrics</p> <p>Evidence Based Medicine</p> <p>1. Choking in OSA, May Yaneza</p> <p>2. Are we over-operating in OSA/Long term consequences of conservative vs. Jess Bewick</p> <p>3. Paediatric otitis, Elliot Howard</p> <p>Chaired by David Wynne</p> <p>Location: Boisdale</p>	<p>W09 Facial Plastic</p> <p>Septorhinoplasty</p> <p>1. Assessment in Septorhinoplasty, Sadie Khwaja</p> <p>2. Nasal Aesthetic Preferences Across Populations, Hamid Reza Khademi Mansour</p> <p>3. Management Strategies for grossly deviated nose, Patrick Byrne</p> <p>4. Key concepts in Nasal Tip Surgery, Anil Joshi</p> <p>Chaired Natarajan Balaji</p> <p>Location: Forth</p>	<p>W10 NIHR Research Session</p> <p>1. From Evidence to Impact: Landmark NIHR-Supported Trials Shaping Contemporary ENT Practice, Jameel Muzaffar</p> <p>2. Beyond Automation: How AI Research is Transforming ENT Diagnosis and Care, Ulta Dnestrov</p> <p>3. Growing the Next Generation of ENT Researchers: Collaborative Models and the Associate PI Pathway, Amr Rajgor</p> <p>Chaired by Jameel Muzaffar</p> <p>Location: Dochart</p>
12:30 - 13:30	Lunch break, Exhibition and Posters Hall 5				
12:45 - 13:30	<p>Lunchtime Symposiums</p> <p>1. Medtronic: Optimising Sinus Surgery Outcomes in CRS: Get it Right First Time, Dochart (LS1)</p> <p>2. Closing the Health Literacy Gap in ENT: National Accessible Patient Information, Alsh (LS2)</p> <p>3. Sanofi: From Evidence to Practice: Dupilumab in CRSwNP with Case-Based Insights, Boisdale (LS3)</p>				
13:30 - 14:30	<p>W11 Otology and Paediatrics</p> <p>Paediatric Cholesteatoma</p> <p>1. Is Paediatric Cholesteatoma really more aggressive in children?, Kerrie McAllister</p> <p>2. Paediatric Cholesteatoma surveillance - DWI vs second look, Sunil Sharma</p> <p>3. Endoscopic Surgery for Cholesteatoma, Matt Ellis</p> <p>Chaired by Arun Iyer</p> <p>Location: Forth</p>	<p>W12 Rhinology</p> <p>Rhinology Service Development</p> <p>1. Service Development-Setting up a Vasculitis Service, Tira Galm</p> <p>2. Awake Endoscopic Sinus Surgery, DCRs and SPA Ligation- The Patient Experience, Miran Pankhania</p> <p>3. ENT Sleep Surgery, Ayan Cheung</p> <p>4. Allergy/SLIT, Bhaskar Ram</p> <p>Chaired by Sew M Koh</p> <p>Location: Boisdale</p>	<p>W13 Paediatrics</p> <p>Keynote Lecture by Soham Roy</p> <p>Ethical Issues in Paediatric ENT</p> <p><i>ENTER (Middlebrough) Visiting Fellow, Denver, Colorado</i></p> <p>Followed by:</p> <p>2. Disability, Mira de Kruijf</p> <p>3. A Parent's Perspective, Kate Blackmore</p> <p>Chaired by Ravi Thevasagayam</p> <p>Location: M1</p>	<p>W14 Head & Neck</p> <p>Evidence Based Medicine</p> <p>1. What is the evidence for risk adapted surgery following neoadjuvant treatment - can we learn from other tumour groups?, Nar Mani</p> <p>2. What is the evidence for routine surveillance scanning in LAD1 SCC, beyond the standard post CRT PET CT scan?, Rebecca Dawson</p> <p>3. TNO or barium swallow for investigation of dysphagia, Ash Ivy</p> <p>Chaired by Laura Warner</p> <p>Location: Dochart</p>	<p>W15 Medical/leg Session</p> <p>1. TBC</p> <p>2. Case-based panel discussion, Jonathan Hobson, Kate Heathcote, Hugh Wheatley</p> <p>Chaired by Yodd Kanazara</p> <p>Location: Alsh</p>
14:30 - 15:15	<p>W16 Otology</p> <p>Oral Presentations (5 x 6 minute presentations)</p> <p>1. Development Revisited: Single Cell Atlas of the Human Inner Ear Identifies Therapeutic Pathways in Vestibular Schwannomas, Michael Mather</p> <p>2. The Impact of Seasonal Noise Deprivation on the Fate of Resident or Recurrent Cholesteatoma Following Primary Mastoidectomy, Jane Foo</p> <p>3. Persistent Postural-Perceptual Disturbance (PPPD): Development of a care pathway at, Royce Ding</p> <p>4. Do Cochlear Anatomical Metrics Predict Speech Outcomes After Cochlear Implantation? A Retrospective Cohort Study Using OTOPLAN, Idin Gilani</p> <p>5. High-resolution intraoperative guide for cochlear implant surgery using optical coherence tomography, Gaillaume Gerstorff</p> <p>Chaired by Anand Vijendran</p> <p>Location: M1</p>	<p>W17 Rhinology</p> <p>Oral Presentations (5 x 6 minute presentations)</p> <p>1. Predictive Modelling of Clinical Outcomes in Primary Olfactory Dyskinesia Using Genotype and Longitudinal Patient Data from the largest cohort in Europe, Malvika Subramaniam</p> <p>2. Integrating Clinical Psychology into Septorhinoplasty Pathways: A Two-Year Review, Bruno Paulucci</p> <p>3. Enhancing Early Detection of Nasal Manifestations in Autoimmune Diseases Using Narrow Band Imaging: A 2-Year Retrospective Study, Mohammed Basam</p> <p>4. Platelet-Rich Plasma for Olfactory Dysfunction related to COVID-19: A Systematic Review and Meta-Analysis, Dhrav Patel</p> <p>5. The Effect of Decreasing the Frequency of Dupilumab Administration After the First Year on the Control of Chronic Rhinosinusitis, Sundus AlMukhlother</p> <p>Chaired by Olechukwu Okonkwo</p> <p>Location: Forth</p>	<p>W18 Paediatrics</p> <p>Oral Presentations (5 x 6 minute presentations)</p> <p>1. Low-dose CT scan to diagnose foreign body aspiration in the paediatric population, Stefano Di Gioia</p> <p>2. Antiology-specific modification of incision design in OSA implantation: a prospective series of 30 patients in a tertiary paediatric centre, Nathan Walker</p> <p>3. Outcomes of Paediatric Laryngotracheal Reconstruction at Great Ormond Street Hospital: A 14-Year Review, Keena Robertson</p> <p>4. Acceptability and feasibility of a paediatric otoscopy service: a prospective observational study, Tunde Oremule</p> <p>5. Multidisciplinary Open Septorhinoplasty in Children and Adolescents: Safety and Outcomes from the Largest UK Series of 70 Patients, Ali Shadiq</p> <p>Chaired by Mike Saunders</p> <p>Location: Boisdale</p>	<p>W19 Head & Neck and Laryngology</p> <p>Oral Presentations (5 x 6 minute presentations)</p> <p>1. Artificial Intelligence vs ENT in the risk stratification of laryngeal squamous cell carcinoma, Ana Khadra</p> <p>2. Dose-Dependent Effects of Minocycline on Facial Nerve Regeneration: A Microscopic and Molecular Study, Sumera Yilmaz</p> <p>3. Addition of Arterial Phase Contrast Enhanced CT to 99mTc sestamibi SPECT/CT improves Pre-Operative Localisation of Parathyroid Adenomas, Katherine Kanczewicz</p> <p>4. Does Frailty Matter? Assessing the role of the Modified 5-item Frailty Index (mFI-5) in Predicting Laryngectomy Outcomes, Sagar Mittal</p> <p>5. The Use of Basic Fibroblast Growth Factor to Restore Vocal Cord Tissue Following Atrophy, Taran Chaudhri</p> <p>Chaired by Vinith Paleri</p> <p>Location: Alsh</p>	<p>W20 ENT UK Foundation</p> <p>Introduction by Nirmal Kumar</p> <p>Oral Presentations:</p> <p>1. Outputs from the WENTS Leadership Scheme, Anna Slovick</p> <p>2. The Post-Operative Tonsillectomy (POPT) Study, Elliot Howard</p> <p>3. Talk title TBC, Tharsha Myrnan, Ashok Rikade</p> <p>4. Dear awareness, accessibility and communication in the NHS, Emma Stapleton</p> <p>5. From Maze to Map: Support for Cutting Through the Complexity of the ENT Portfolio Pathway, Oghobho Branim, Solomon Paul</p> <p>6. Improving Sustainability in Tonsillectomy and Adenoidectomy: A Quality Improvement Initiative Evaluating the Elimination of Surgical Scrubs and Drapes at Manchester University NHS Foundation Trust, Ali Nabyeh</p> <p>7. The use of the hearTest hearing app as a screening tool in dementia clinics, Louisy Saffy</p> <p>Chaired by Victoria Ward and Sadie Khwaja</p> <p>Location: Dochart</p>
15:15 - 15:45	Refreshments, Exhibition and Posters Hall 5				
15:45 - 16:45	<p>W21 Otology</p> <p>Evidence Based Medicine</p> <p>The Hacked Ear</p> <p>1. Otitis externa, Shay Patel</p> <p>2. Materials for tympanoplasty, Priya Sethukumar</p> <p>3. Materials for mastoid obliteration in cholesteatoma surgery, Colin Leonard</p> <p>Chaired by Simon Lloyd</p> <p>Location: Alsh</p>	<p>W22 Facial Plastic</p> <p>Keynote Lecture by Patrick Byrne</p> <p>Facial Reanimation: State of the art</p> <p>Chaired by Nadia Ashraf</p> <p>Location: Forth</p>	<p>W23 Paediatrics and Laryngology</p> <p>Benign conditions of the larynx and upper airway</p> <p>1. RRS, Adam Donne</p> <p>2. Inflammatory conditions of the adult larynx, Aphrodite Iacovidou</p> <p>3. Vascular malformations, Haytham Kubba</p> <p>Chaired by Mike Saunders</p> <p>Location: Boisdale</p>	<p>W24 Head & Neck</p> <p>Keynote Lecture by Athira Ramakrishnan</p> <p>ENT UK Foundation Sponsored Lecture</p> <p>1. ENT UK Foundation: Nirmal Kumar, Chair ENT UK Foundation</p> <p>2. Keynote Lecture: Robotic Thyroidectomy: Balancing Innovation with Evidence, Athira Ramakrishnan</p> <p>Followed by an update on the new ATA Guidance and the NICE Guidance on Management of Thyroid Nodules, Hannah Nieto</p> <p>Chaired by Helen Cocks and Fiona Eastock</p> <p>Location: M1</p>	<p>W25 Ergonomics of Surgery</p> <p>Anand Vijendran, Roeyn Campbell</p> <p>Location: Dochart</p>
16:45 - 17:30	<p>W26 ROOM 101</p> <p>Experts try to cast their ENT pet hates into Room 101</p> <p>Moad Bhutta Claire Hopkins Haytham Kubba</p> <p>Chaired by David Hamilton</p> <p>Location: Clyde Auditorium</p>				
17:30	DAV 1 CLOSE				
17:30 - 19:15	The President's Reception for Faculty (Invite Only) Gala, SEC Armadillo				
19:30 - 21:00	The WENTS Social Event (Pre-Booking Required) The Radisson RED Sky Bar				

Time	Stream 1	Stream 2	Stream 3	Stream 4	Stream 5	SFO Day	
Refreshments, Exhibition and Posters							
08:00 - 09:00	<p>1070 Facial Plastic The Nasal Valve - All you need to know 1. Assessment and management strategy. Rishi Gokil 2. Nasal Valve reconstruction. Ashik Rubale Chaired by Peter Andrews Location: The Clyde Auditorium</p>	<p>1077 Introductory Session 1. Pathology and Pathways: Contemporary approaches to Tonsilitis, Rubash Chagra, Danny Knight 2. Diagnosis and Management of Paediatric Disorders using a Mechanical Chair. Tougen Seran, Yvonne Barker Chaired by Hannah Blomford Location: Forth</p>	<p>1078 Introductory Session 1. Can a BARD ENT services receive post-DBS dependent work problems (and improve the life)? Chris Coulson 2. Unleashing Creativity in Surgery. Shawwan Patel Chaired by Russell Colthart Location: M2</p>	<p>1079 Introductory Session Debate: Cerebellum 1. Vocal cord medialisation/Injection under local anaesthetic - tips for success, Debra Cosslett 2. Robotically Enabled Awake Laryngoscopy with Enhanced Rehabilitation (REAL) and Combining concepts of open-retractor Laryngoscopy and High-Intensity Thermal Lysis. Raza Noorani, Julian McElwain Chaired by Benjamin Clouston Location: Boleisle</p>	<p>1075 Introductory Session Getting It Right the First Time (GIRFT) 1. Introduction and Update. Jeremy Davis 2. Themes and Lessons from GIRFT: how some systems work and others don't. Jeremy Davis, Su De 3. Panel Discussion Chaired by Rubash Chagra & Mark Lyons 4. Teleconsult Referrals for ENT Urgent Suspected Cancer. Alysh George 5. Improving theatre efficiency: High Intensity (HI) Lysis and Dynamic Immobilising. Steven Powell 6. How a community based ear services reduces the demand for secondary care in Otolaryngology. Joseph Manjaly 7. National Consultant Information Portal. Jeremy Davis Chaired by Su De Location: A16</p>	<p>10715 Introductory Session 1. Mentoring in surgery - what it is, and how to make the most of it. Emma Stapleton 2. Unleashing Virtual Reality (VR) to push forward education in ENT. Bindy Sahota Chaired by Anna Hishings Location: Douchart</p>	
09:00 - 09:00	<p>107 Otolaryngology: The Benignignous MDT 1. Metastatic disease of head and neck paragangliomas. Katherine Palmer 2. Panel Discussion: Paul Beckett, David Selva, Katherine Palmer, Peter Beckett Chaired by Stephen Carter Location: Boleisle</p>	<p>107 Rhinology Back to Basics 1. Epistaxis. Ben Shaw 2. An Update on the management of allergic and non-allergic rhinitis. Anna Stock 3. Blocked Nose. Anwar Nuruzaman Chaired by Rajy Ramakrishnan Location: A16</p>	<p>1073 Paediatric and Otolaryngology Keynote Lecture by Michelle Foster and Victoria Chalker Paediatric Hearing Services Improvement in England Followed by: 1. Paediatric otitis media with effusion. Shankar Reddy 2. Importance of integrating ambulatory services into paediatric otitis media services. Soumit Dasgupta Chaired by Su De Location: Forth</p>	<p>1074 Laryngology Common Presentations in the Voice Clinic - Diagnosis and Pharmacological Management Strategies Aghalaya Lakshminarayana, Lissa Thomas Chaired by Debra Cosslett Location: Douchart</p>	<p>1075 ENT Young Consultant Otolaryngologist Head & Neck Surgeon Debate: Surgeons and social media. Joseph Manjaly, Shweta Patel Chaired by Savita Tostati Location: M2</p>	<p>SFO Day: 10701 10:00 - 10:15 Introduction and Chair's Welcome Dheeraj Karamchandani, Helen Cocks Location: M4</p> <p>10702 10:15 - 10:30 Why you should choose ENT and the role of ENT UK Taran Tatta Location: M4</p> <p>10703 10:30 - 10:45 Oral Presentations 1. Systematic Review and Meta-Analysis on the Rate of Post-Tonsillectomy Haemorrhage Following Tonsillectomies Using the BiZact Device. Fideron Tzang 2. Investigating Post-tonsillectomy Complications in the Scottish Paediatric Population: A Retrospective Cohort Study of 2,000 patients. Rohan O'Hare 3. Medical Student Perceptions Towards a Career in Otolaryngology (ENT): A Systematic Review. Haimed Raza Khodem Mansour Chaired by Alexander Yoo Location: M4</p>	
10:00 - 11:00	<p>102 Plenary lecture by Mark Steele: 'The Leopard in My House' Chaired by James O'Hare Clyde Auditorium</p>						
Refreshments, Exhibition and Posters							
11:00 - 11:30	<p>107 Otolaryngology Keynote Lecture by Sajana Chandrasekar Chaired by Mark Steel Location: M2</p>	<p>107 Rhinology OT 1. Setting up Otolaryngology Services. Carl Hibbert 2. Assessment & Treatment. Glenn Hopkins 3. Surgery. Peter Andrews Chaired by Ian Mathan Location: Boleisle</p>	<p>1071 Paediatrics Back to Basics 1. Sleep disordered breathing. Stephen Wilkinson 2. Recurrent AOM. Sury Gupta 3. Epistaxis. Elizabeth Jenkinson 4. Paediatric cervical lymphadenopathy. Lala Ritchie Chaired by Andrew Burgess Location: A16</p>	<p>1072 Head & Neck 1. Keynote Lecture by Sabir Vilaseca Transoral Laser Microsurgery for Intermediate-Advanced Laryngeal Cancer 2. TORS for oropharyngeal cancer - what is the current practice in the UK and future challenge?. Stuart Weller Chaired by Steve Lester Location: Forth</p>	<p>1073 Why take on additional roles? 1. Why take on additional leadership roles?. Suzanne Penney 2. Why take on additional educational roles?. Sam Dalton 3. Why take on additional research roles?. Kate Heathcote 4. National Clinical Excellence Awards - How they work, who can apply, tips & tricks. Susan Castle Chaired by Hannah Fox Location: Douchart</p>	<p>1074 11:30 - 11:50 Life as an ENT Trainee and how to get there Justin Yeo, Emma Watts Location: M4</p> <p>1075 11:50 - 12:30 Panel Discussion and Q&A Taran Tatta, Justin Yeo, Emma Watts, Alexander Yoo Location: M4</p>	
12:30 - 13:30	<p>107 Refreshments, Exhibition and Posters Location: M4</p>						
12:45 - 13:30	<p>107 Refreshments, Exhibition and Posters Location: M4</p>						
13:30 - 14:30	<p>107 Rhinology Back to Basics 1. Understanding the importance of rhinitis in the development of sinusitis. Arash Mehmood 2. Sinus. Arash Mehmood 3. Rhinosinusitis. Glenn Hopkins Chaired by Rajy Ramakrishnan Location: Boleisle</p>	<p>1071 Rhinology and Paediatrics Keynote Lecture by Kathryn Campbell Paediatric Rhinology: how children differ from adults and how we should adjust our practice accordingly Chaired by Ashok Bolode Location: Forth</p>	<p>1072 Paediatrics Panel: Patrick Byrne, Nadia Ashraf, Peter Andrews, Robin Gohil, Natarajan Balaji, Rajyash Patel Chaired by Sadeq Khwaja Location: A16</p>	<p>1073 Laryngology Keynote Lecture by Rebecca Howell Management of Cerebral Aneurysms: Diagnostic Chaired by Neil Gibbins Location: M2</p>	<p>1074 Women in ENT Surgery Debate: This house believes that leadership training is just a red herring and is not useful. Maha Iyana, Sajana Chandrasekar Chaired by Anna Stock Location: Douchart</p>		
14:30 - 15:15	<p>107 Otolaryngology Oral Presentations (5 x 6 minute presentations) 1. Microbot-assisted Surgery for Hearing Loss in Raccoon. Arash Mehmood 2. The Importance of Preoperative Assessment in the Quality of Surgical Outcomes. Glenn Hopkins 3. Post-Operative Assessment of Otolaryngology. Arash Mehmood 4. The Impact of Preoperative Assessment on the Quality of Surgical Outcomes. Glenn Hopkins 5. Investigating the impact of preoperative assessment on the quality of surgical outcomes. Glenn Hopkins Chaired by Peter Andrews Location: M2</p>	<p>1071 Rhinology Oral Presentations (5 x 6 minute presentations) 1. Recurrent Nasal Polyp Surgery and Healthcare Resource Utilization: A Retrospective Cohort Study in England. Glenn Hopkins 2. Outcomes of Nasal Surgery in Patients with Idiopathic Chronic Rhinosinusitis with Nasal Polyps (ICRS-19). Glenn Hopkins 3. Survey of National Approaches to Practice in Local Anesthetic Otolaryngology Surgery (SNAP-LARS) a United Kingdom national collaborative study. Glenn Hopkins 4. From Practice to Practice: Validating a Case-Code, AI Generated Work Application for Otolaryngology. Glenn Hopkins 5. Evaluation of an institutional policy of day 3 post-operative discharge following elective pituitary adenoma resection: A 5 year experience of Leeds Teaching Hospitals and comparison to UK national data of 3507 cases. Eyed Demey Chaired by Matthew Clouston Location: Forth</p>	<p>1072 Paediatrics Oral Presentations (5 x 6 minute presentations) 1. OSA in children and the obesity epidemic: the benefits of adenotonsillectomy vs NIV in the management of OSA in children with high BMI. Arash Mehmood 2. Prognostic Factors and Hearing Trajectories in Progressive Childhood Hearing Loss: A Retrospective Cohort Study. Rubash Chagra 3. Wasteful Wiring in Paediatric OSA During the COVID-19 Surgical Backlog: A Retrospective Cohort Study. Rubash Chagra 4. A novel system examining the effect of e-cigarette exposure on middle ear regulation. Arash Mehmood 5. Bone conduction hearing devices as an alternative to grommets in the management of otitis media with effusion in children. Anna Kholodilskaya Chaired by Ben Sharma Location: Boleisle</p>	<p>1073 Head & Neck Oral Presentations (5 x 6 minute presentations) 1. Evaluating the Clinical Value of Explainable Artificial Intelligence for Laryngeal Endoscopy. Debra Cosslett 2. The Burden of Hypopharyngeal Squamous Cell Carcinoma: Analysis of a multi-centre cohort study. Cheney Meehan 3. Use of liquid argon to treat persistent throat symptoms: multicentre, double blind, randomised, placebo controlled trial. James O'Hare 4. Thyroiditis: An Explorable, AI-Assisted Meta-Analytic Framework for Thyroid Disease Risk Visualisation, Patient Understanding, and Surgical Communication in UK Practice. Arash Mehmood 5. A Comparison of Enhanced Digital Imaging Techniques in the Management of Upper Aerodigestive Tract Disorders: A Systematic Review & Meta-Analysis. Ashik Rubale Chaired by Paul Rankin Location: A16</p>	<p>1074 ADOT/SAC Sessions: Shaping the Future of ENT Careers Theme 1: Securing your Future - Fellowships & ENT Workforce 14:30 - 15:05 1. Fellowship Face-Off: Choosing the Right Path for You. Anthony Balamyan, Tharuka Meehan 15:05 - 15:15 2. The Future of ENT: Workforce Planning and What It Means for You. Emma Watts Chaired by Charlie Hall and Ali Shaboli Location: Douchart</p>	<p>1075 15:30 - 15:55 Skills Stations - Part 1 (6 stations, 30 mins each) Location: M2, M4, M4, M5, B106, FYM</p>	
15:15 - 16:45	<p>107 Rhinology 1. Paediatric Allergic Rhinitis. Cheney Spitznagel 2. Allergic Rhinitis. Cheney Spitznagel 3. Allergic Rhinitis. Cheney Spitznagel 4. Allergic Rhinitis. Cheney Spitznagel Chaired by Glenn Hopkins Location: Forth</p>	<p>1071 Rhinology 1. Keynote Lecture by Thibaut Van Zele Sinus Surgery in the Biological Era 2. Facial Pain. Glenn Hopkins Chaired by Ashok Bolode Location: M2</p>	<p>1072 Paediatrics Debate 1. All paediatric sinus surgery by endonasal in specialist centres only. For Kate Stephenson, Against: Elle Sprison 2. Adenotonsillectomy is justified as a long procedure for nasal obstruction. For: Tah Naranjo, Against: Grace Khong 3. BCHO should be the first line management for OME. For: Andy Hall, Against: Marianne Elder Chaired by Leahy Catharine Location: Boleisle</p>	<p>1073 Head & Neck Back to Basics 1. Neck Lumps and Thyroid Lumps. Suzanne Penney 2. H&N Cancer Early Detection. Rishi Gokil 3. Thyroid Symptoms. Neil Hershman Chaired by Dr Manick Location: A16</p>	<p>1074 ADOT/SAC Sessions: Shaping the Future of ENT Careers Theme 2: Expanding Horizons - Careers & Alternative Careers in ENT 15:45 - 16:15 1. Innovation & Entrepreneurship in ENT: The Endoscope and Beyond. Alysh George 16:15 - 16:45 Beyond Traditional Training: Otolaryngology & Global Health Pathways. Louisa Ferguson Chaired by Charlie Hall and Ali Shaboli Location: Douchart</p>	<p>1075 16:15 - 16:30 Skills Stations - Part 2 (6 stations, 30 mins each) Location: M2, M4, M4, M5, B106, FYM</p>	
16:45 - 17:30	<p>107 ENT 3D Anatomy. Alysh George Sponsored by the Royal College Chaired by Ben Mearns Location: Clyde Auditorium</p>					<p>1076 17:30 - 17:35 SFO Day Closing Remarks and Abstract Awards Location: M4</p>	
DAY TWO CLOSE							
17:00 - 18:30	<p>Meet the Sponsors Networking Event with Drinks and Canapés (Complimentary Event for All) Location: M4</p>						
18:00 - Midnight	<p>The BACO Party (Ticketed Event - Pre-Booking Required) Ordn: M4R</p>						

Time	Stream 1	Stream 2	Stream 3	Stream 4	Stream 5
08:00 - 09:00	Refreshments, Exhibition and Posters Hall 5				
08:00 - 09:00	<p>INST12 Instructional session</p> <p>1. Coblation Arytenoidectomy: A Superior Alternative to Laser Arytenoidectomy in Bilateral Vocal Fold Immobility, Elizabeth Hodge</p> <p>2. The use of navigation in paediatric anterior and lateral skull base surgery, Suniti Sharma, Grace Khong</p> <p>Chaired by Emma McNeill Location: M1</p>	<p>INST13 Instructional session: The Future of our Profession and Educational Quality Assurance in UK ENT Surgery</p> <p>1. Generational Change in Surgery: Challenges, Culture, and the Future of Our Profession, Joseph Manjaly</p> <p>2. The Future of Educational Quality Assurance in ENT UK, Marianne Elloy</p> <p>3. The Future of Educational Quality Assurance in ENT UK - Trainees perspective, Simon Morris</p> <p>Chaired by Owen Judd Location: Forth</p>	<p>INST14 Instructional session</p> <p>1. Gold standard repair of the Anterior Skull Base: Endonasal techniques for small to big holes, Paul Nix</p> <p>2. Frontal & Posterior Ethmoid Building Blocks for Safe, Efficient Dissection, Tharika Myran, Ashok Rokade</p> <p>Chaired by Joanne Rimmer Location: Boisdale</p>	<p>INST15 Instructional session</p> <p>1. Radiofrequency ablation: our experience in establishing a multi-disciplinary service, Hannah Fox</p> <p>2. Imaging Innovation in Head and Neck Cancer: Redesigning the Patient Pathway from First Contact to Intervention, Amar Rajgor</p> <p>Chaired by Charlie Giddings Location: Alsh</p>	<p>INST16 Instructional session</p> <p>1. The 2025 Difficult Airway Society Guidelines for managing difficult airway: What is new for the ENT surgeon, Reza Nouraei</p> <p>2. Practical Management of Speech Valve Problems in Laryngectomy Patients: An Instructional Course for Clinicians, Ahmed Youssef</p> <p>Chaired by Helen Cocks Location: Dochart</p>
09:00 - 10:00	<p>F01 Otology TW1 Keynote Lectures David Morris</p> <p>Teaching Otology to Competency Within Residency Training and Beyond</p> <p>Chaired by Emma Stapleton, TW1 Foundation Trustee Location: M1</p>	<p>F02 Facial Plastics Facial Reconstruction</p> <p>1. Facial reconstruction: Anthropological view point, Jessica Liu</p> <p>2. Cleft Rhinoplasty, Leona Ferguson</p> <p>3. Cocaine Nose Management, Nicholas Calder</p> <p>4. 'Nasal Reconstruction': Recent developments, Patrick Bryne</p> <p>Chaired by Sadie Khwaja Location: Forth</p>	<p>F03 Paediatrics and Laryngology Subglottic Stenosis</p> <p>1. Updates in Paediatric SGS, Rania Mehanna</p> <p>2. Management of subglottic stenosis in pregnancy, Richard Steven</p> <p>3. Management of subglottic stenosis in adults, Andrew Kinack</p> <p>Chaired by Daniel Tweedie Location: Boisdale</p>	<p>F04 Head & Neck Recurrent Head & Neck Cancer Management</p> <p>1. The scale of the problem, Fateeh Jashk-Ahmed</p> <p>2. Standard of care non-surgical management, David Noble</p> <p>3. Decision making in salvage surgery: the importance of functional assessment, Grainne Brady</p> <p>4. Standard of care surgical management, Summy Bola</p> <p>5. Panel Discussion, Manish Mair, Farzeesh Jashk-Ahmed, Summy Bola, David Noble, Michael Thack</p> <p>Chaired by Vinith Patel Location: Alsh</p>	<p>F05 Global Health Session</p> <p>1. Keynote Lecture, Johan Fagan</p> <p>2. Live Panel Debate, Johan Fagan, Cheka Spencer, Taran Tala</p> <p>Chaired by Cheka Spencer Location: Dochart</p>
10:00 - 11:00	<p>F03 Plenary lecture by Peter Prinsley: How did that happen and what can a Surgeon do in Parliament?</p> <p>Chaired by Taran Tala Clyde Auditorium</p>				
11:00 - 11:30	Refreshments, Exhibition and Posters Hall 5				
11:30 - 12:30	<p>F06 Otology (11:30 - 12:15) Oral Presentations (5 x 6 minute presentations)</p> <p>1. Risk Factors Identified at Initial Presentation for Extracranial Vestibular Schwannoma Growth and Treatment in the United Kingdom, Colin Leonard</p> <p>2. Post-operative healthcare utilisation following prescriptive bone conduction hearing device implantation, Rhona McCallum</p> <p>3. Re-evaluating adult cochlear implant assessment referrals in the United Kingdom (CIRCA-1): a national multicentre retrospective observational study, Alexander North</p> <p>4. Should Diffuse adults in the UK be offered one or two cochlear implants on the National Health System?, Niall Campbell</p> <p>Chaired by Pramita Baruah Location: M1</p>	<p>F07 Rhinology (11:30 - 12:15) Oral Presentations (5 x 6 minute presentations)</p> <p>1. The Role of Prophylaxis Antibiotics in the Prevention of Meningitis in Endonasal Anterior Skull Base Surgery: A Systematic Review and Meta-analysis, Azfar Jawed</p> <p>2. Healing Atrophic Rhinitis through Microbiome Restoration: A Randomized Controlled Trial, Saurav Sarkar</p> <p>3. Post-operative oral doxycycline prophylaxis after endoscopic sinus surgery for the treatment of chronic rhinosinusitis is associated with a worse post-operative outcome: a multi-centre double-blind randomised controlled trial, Andrew Wood</p> <p>4. Intent-based evaluation of AVM screening and epistaxis burden in hereditary haemorrhagic telangiectasia: a regional ENT registry analysis, Roban Pinto</p> <p>5. Selective Rather Than Routine Postoperative Debridement After FESS for Chronic Rhinosinusitis: A Systematic Review and Meta-Analysis, Badriya Yussuf</p> <p>Chaired by Dimitris Ioannidis Location: Forth</p>	<p>F08 Paediatrics (11:30 - 12:15) Oral Presentations (5 x 6 minute presentations)</p> <p>1. Paediatric Functional Endoscopic Sinus Surgery in a District General Hospital: A Six-Year Retrospective Review, Kavitha Raghu</p> <p>2. Aetiology of Childhood Profound Sensorineural Hearing Loss: The Role of Hearing Loss Gene Panel Testing, Umair Akhtar</p> <p>3. Outcomes following mastoid obliteration surgery in 45 paediatric patients: a case series, Adam Garrard</p> <p>4. PANDA: Paediatric Airway Normative Dimension Analysis: 3D CT Phenotyping of Laryngotracheal Stenosis in Children, Betal Berkay</p> <p>5. Voice: a Biomarker for Identifying Speech Delay?, Jude Geldart</p> <p>Chaired by Ciba Paul Location: Boisdale</p>	<p>F09 Head & Neck (11:30 - 12:15) Oral Presentations (5 x 6 minute presentations)</p> <p>1. A decade of laryngeal dysplasia in Scotland and comparison to a historical cohort, Kate Hulse</p> <p>2. A prognostic paradox in TP53 wild-type, CDKN2A mutated head and neck squamous cell carcinoma (HNCC), Daniel Brown</p> <p>3. Diagnostic accuracy of circulating miR-146, miR-221 and miR-222 in papillary thyroid cancer: A systematic review and meta-analysis, Benjamin Dean</p> <p>4. AIRSPACE: Radiomics Guided Risk Stratification to Predict Early Chemoradiotherapy Failure in Advanced Laryngeal Cancer, Amar Rajgor</p> <p>5. Beyond Surgery: Nursing and Multidisciplinary Care Gaps in Idiopathic Subglottic Stenosis Management in Northern England, Deborah Flynn</p> <p>Chaired by Ben Cowway Location: Alsh</p>	<p>F10 British Society for the History of ENT</p> <p>1. From Glasgow Trauma to Otolgic Innovation: Sir William Maccewen, Listerian Asepsis, and the Gynoma Triangle, Emma Wauchope</p> <p>2. When Radium Cured Deafness: The Rise and Fall of Nasopharyngeal Radium Irradiation, Alexander Hunt</p> <p>3. "Profitable Portals of Infection": How Focal Theory Created the Early 20th Century Tonsillectomy Epidemic, Badriya Yussuf</p> <p>4. ENT surgeon to international best-selling medical historian - Douglas Guthrie's journey, bin McIntyre</p> <p>Chaired by Emma Stapleton Location: Dochart</p>
12:30 - 13:45	<p>Lunch break, Exhibition and Posters Hall 5</p> <p>ENT UK AGM (12:30 - 13:30), M1 Oral and Poster Presentation Winners to be Announced during the AGM</p>				
13:45 - 14:45	<p>F11 Otology Unusual Symptoms in Otology</p> <p>1. Auditory, Jameel Muzaffar</p> <p>2. Fluttering and tapping, Manohar Bance</p> <p>3. Fluctuating Shunt, Marcos Martinez Del Pero</p> <p>4. Otalgia, Rupin Banga</p> <p>Chaired by Emma Hoskion Location: Dochart</p>	<p>F12 Rhinology Skull Base</p> <p>1. Paediatric Skull Base, Rameen Campbell</p> <p>2. CSF Leak, Vijay Ramakrishnan</p> <p>3. New Frontiers, Tibaut Van Zelle</p> <p>Chaired by Catherine Rennie Location: Forth</p>	<p>F13 Paediatrics & Head and Neck Tonsillitis</p> <p>1. NAT17N1A what have we learnt?, Samuel Frenkfin</p> <p>2. The paediatric tonsil technique debate, Haytham Kubba & Tash Kuranandam</p> <p>Chaired by Catriona Douglas Location: Boisdale</p>	<p>F14 Head & Neck Emergency Head & Neck/Airway</p> <p>1. Interventional Radiology and Management of Cystic Lesks, Colin Nice</p> <p>2. Management of Vascular Head and Neck Emergencies, Lisa Fraser</p> <p>3. Laryngotracheal Trauma, Pheobe Roche</p> <p>Chaired by Jerry Iose Location: Alsh</p>	<p>F15 Keynote Lecture by David Peters Neurobiology, Peak Performance and Burn Out</p> <p>Chaired by Eleanor Crossley Location: M1</p>
14:45 - 15:45	<p>F16 Otology Debate: Bone conduction implants vs middle ear implants for BONE</p> <p>Sajata De and Nick Gawe For MEE, Sumeyra Faisal and Chris Goulson</p> <p>Chaired by Richard Irving Location: Dochart</p>	<p>F17 Rhinology Live Sinus Surgery Demonstrations</p> <p>1. Maxillary sinus, Brendan Hanna</p> <p>2. Ethmoid - sphenoid</p> <p>3. Frontal, Claire Hopkins</p> <p>Moderators: Ashok Rokade, Catherine Rennie, Irfan Syed</p> <p>Location: M1</p>	<p>F18 Paediatrics Panel Discussion: Paediatric Emergencies</p> <p>1. Deep neck space infections, Julian Gaskin</p> <p>2. Orbital cellulitis, Eshaan Bhargava</p> <p>3. Acute Mastoiditis, Jennifer Magill</p> <p>4. Airway foreign body/buttock battery, Nico Jonas</p> <p>Chaired by Keith Trimble Location: Boisdale</p>	<p>F19 Head & Neck Advanced Larynx Cancer - Glasgow MDT</p> <p>Christina Wilson, Claire Paterson, Catriona Douglas, Robin Crosbie</p> <p>Chaired by Jim Moor Location: Alsh</p>	<p>F20 ENTelligence presents: 'Can Generative AI provide better care for patients?'</p> <p>1. Introduction, Haroon Saeed</p> <p>2. No Code AI solutions in the Rhinology clinic, Georgie Wellstead</p> <p>3. Nexus Bridge Healthcare: Digitising ENT pathways, Ayaz Damani</p> <p>4. AI and Radiomics in Head and Neck Cancer, Amar Rajgor</p> <p>Chaired by Haroon Saeed Location: Forth</p>

DAY 3 CLOSE

All sponsors of the conference have provided sponsorship towards this independent programme. Sponsors have had no editorial input into or control over the agenda, content development or choice of speakers, nor opportunity to influence except for any organised sponsored symposia.
