08:30 09:15	Further information coming soon	Further information coming soon	Further information coming soon	Further information coming soon	Further information coming soon	Further information coming soon	Further information coming soon
08:30 09:15	Refreshments, EXPO, Posters						
09:15 10:00	Otology, Lateral Skull Base, Balance Key Note Lecture by Dr Konstantina Stankovic: Human cellular models of hearing loss	Head & Neck Key Note Lecture by Cherie-Ann Nathan: HPV De-escalation trials	Rhinology/Anterior Skullbase The Garnett Passe Lecture: Key Note Lecture by Professor Alkis Psaltis: Bacteria and chronic rhinosinusitis – their role and new treatment horizons	Paediatrics Key Note Lecture by Dr Sanjay Parikh further information coming soon	Laryngology Key Note Lecture by Dr Jackie Allen: Dysphagia- High dysphagia, patient selection- Role of surgery	Further information coming soon	Further information coming soon
10:05 10:50	Opening ceremony / Plenary speaker (more information to follow)						
10:50 11:15	Refreshments, EXPO, Posters						
11:15 12:15	Otology, Lateral Skull Base, Balance Symposia: To middle ear & beyond! Tips to improve your outcomes	Head & Neck Advanced Update: Salvage Surgery	Rhinology/Anterior Skullbase Symposia: Managing the frontal sinus	Paediatrics Advanced Update - Further information coming soon	Laryngology Symposia: Management of vocal cord paralysis	Head & Neck Symposia: Oropharyngeal cancer management beyond de-escalation – what next?	AOT Session 'The Home Stretch'
12:15 13:30	Lunch break, EXPO, Posters						
13:30 14:30	Otology, Lateral Skull Base, Balance Panel Discussion: Common otological challenges - what would you do?	Head & Neck Panel Discussion: Sinonasal Malignancy	Rhinology/Anterior Skullbase Panel Discussion - Emergencies & Management	Paediatrics Panel Discussion: Straightforward Neck Lumps	Facial Plastics Panel Discussion: Challenges in Revision rhinoplasty	Global Health Advocacy for ENT global health: Managing competing health needs in LMIC countries Global Health Strengthening ENT Infrastructure in LMIC countries: How to succeed Global Health Role of technology in teaching, training, and delivery of surgical care in under-resourced settings?	Professionalism, Education and Enterprise Further information coming soon
14:30 15:00	Otology, Lateral Skull Base, Balance Oral Presentations	Head & Neck Oral Presentations	Rhinology/Anterior Skullbase Oral Presentations	Paediatrics Oral Presentations	Facial Plastics Oral Presentations	Global Health Trainee Presentation or three presenters with Q&A	Professionalism, Education and Enterprise Further information coming soon
15:00 15:30	Refreshments, EXPO, Posters						
15:30 16:30	Otology, Lateral Skull Base, Balance Symposia: Cochlear implants and all implants	Head & Neck Key Topics - further details to follow	Rhinology/Anterior Skullbase Symposium - Refractory sinusitis/vasculitis	Paediatrics Symposia: Day Case Criteria for Tonsillectomy	Facial Plastics Key Topics in Facial Plastics	WENTS Tokenism and Merit - further information coming soon	Medicolegal Session Medicolegal landscape in ENT – what can we learn to improve practice?
16:30 17:00	Otology, Lateral Skull Base, Balance Ask the Experts: Controversies in Meniere's disease – what is the best treatment?	Head & Neck Instructional Session: Management of locally advanced thyroid cancer and reconstruction of involved RLN	Rhinology/Anterior Skullbase Instructional Session: How I manage septal perforations, Isam	Paediatrics Instructional Session: Thyroglossal Cysts	Facial Plastics Instructional Session: Management of Facial Scars and Keloids, Ullas Raghavan	Laryngology Debate - Laryngo-pharyngeal reflux- Is it a thing or not?	Head & Neck Instructional Session: Introduction to Human Factors Surgery
17:00 17:30	Otology, Lateral Skull Base, Balance Instructional Session: Middle ear implants: which one to choose: The state of the art	Head & Neck Instructional Session: Day Case Drainless Surgery	Rhinology/Anterior Skullbase Instructional Session: How I do a Draf 3, Alkis	Paediatrics Debate - Further information coming soon	Facial Plastics Instructional Session: Photographer Techniques - Do's and Don'ts in Facial Plastic Surgery	Laryngology Instructional Session: Office Blue Laser Laryngeal Surgery	Paediatrics Instructional session: How to get into ENT
	Closure of day one						

Time	Stream 1	Stream 2	Stream 3	Stream 4	Stream 5	Stream 6	Stream 7	Additional sessions			
08:30 09:15	Otology, Lateral Skull Base, Balance A Cochlear Lecture: Key Note Lecture by Professor Catherine Birman	Head & Neck Key Note Lecture by Dr Andrew Foreman: TORS: Outcomes, function and the future	Rhinology/Anterior Skullbase Key Note Lecture by Dr Stella Lee: Challenging paradigms in treatment of CRS	Further information coming soon	Further information coming soon	Laryngology Keynote Lecture by Eugenia Chavez: When to operate and when not to!	Medical Education Further information coming soon	Further information coming soon			
08:30 09:15	Refreshments, EXPO, Posters										
09:15 10:00	Otology, Lateral Skull Base, Balance A TWJ Lecture: Key Note Lecture: Mr Alex Huber: Robotics in otology	Head & Neck A Lionel Colledge Lecture: Key Note Lecture by Vincent Vander Poorten: Advances in our understanding of salivary gland cancer	Rhinology/Anterior Skullbase Key Note Lecture by Isam Alobid: Endoscopic management of sinonasal tumours	Paediatrics Key Note Lecture - Further information coming soon	Facial Plastics Key Note Lecture by Fazil Apaydin: Journey in Rhinoplasty surgery and challenges faced to overcome difficult cases	Laryngology Key Note Lecture by Alexander Gelbard: Laryngeal stenosis Endoscopic verses open approach	Further information coming soon	SFO Clinical Skills Day	09:15 09:20	GP Day Introduction - Professor Phippa	
									09:20 09:50	GP Day Ear Cases	
									09:50 10:20	GP Day Ear Cases	
10:05 10:50	Plenary speaker (more information to follow)								10:20 10:50	GP Day Lecture: Management of Allergic Rhinitis in Primary Care	
10:50 11:15	Refreshments, EXPO, Posters										
11:15 12:15	Otology, Lateral Skull Base, Balance Symposia: Current Opinion on Balance Disorders	Head & Neck Symposia: Head & Neck Skin Cancer	Rhinology/Anterior Skullbase Advances in Rhinology	Paediatrics Symposium: Button Battery Safety	Facial Plastics Symposium: Functional septorhinoplasty: Management of the internal and external nasal valves	Laryngology Advances in Laryngology	SAS Session The SAS Hour	SFO Clinical Skills Day	11:15 11:45	GP Day Nose Cases	
									11:45 12:15	GP Day Nose Cases	
12:15 13:30	Lunch break, EXPO, Posters										
13:30 14:30	Otology, Lateral Skull Base, Balance Panel Discussion: Challenges in Cochlear Implants	Head & Neck Panel Discussion - Further information coming soon	Rhinology/Anterior Skullbase Panel Discussion: Complications & Management	Head & Neck Panel Discussion: Multidisciplinary Head & Neck Cancer Case Discussions	Facial Plastics Panel Discussion: Strategies in Tip refinement	Laryngology Panel Discussion - Further information coming soon	The Future of ENT Training Led by the chair of SAC - Anne Louise McDermott	SFO Clinical Skills Day	13:30 14:00	GP Day Throat Cases	
14:30 15:00	Otology, Lateral Skull Base, Balance Oral Presentations	Head & Neck Oral Presentations	Rhinology/Anterior Skullbase Oral Presentations	Head & Neck Oral Presentations	Facial Plastics Oral Presentations	Laryngology Oral Presentations				14:00 14:30	GP Day Throat Cases
										14:30 15:00	GP Day Throat Lecture
15:00 15:30	Refreshments, EXPO, Posters										
15:30 16:30	Otology, Lateral Skull Base, Balance Symposia: Vestibular Schwannoma: Current management and the future	Head & Neck Symposia: Rehabilitation After Treatment / Long Term Sequelae	Rhinology/Anterior Skullbase Key Topics in Rhinology	Head & Neck Symposia - Further information coming soon	NIHR Session Further information coming soon	Laryngology Key Topics: Where a knife doesn't work or does it?	NAPDENT Session Further information coming soon	SFO Clinical Skills Day	15:30 16:30	GP Day PA's in ENT	
									16:30 16:40	CLOSE	
16:30 17:00	Otology, Lateral Skull Base, Balance Instructional Session: Middle ear myoclonus: Assessment and management	BAETS Session Further information coming soon	Rhinology/Anterior Skullbase Instructional Session: How I raise flaps for skull base reconstruction	Otology, Lateral Skull Base, Balance Instructional Session: How and why to set up a medicolegal practice, Mr Gerard Kelly	Facial Plastics Debate: Preservation vs structural rhinoplasty	Laryngology Instructional Session: Office Laryngeal Procedure Set-Up and Advanced Applications	Facial Plastics Regional Blocks in Facial Plastic Surgery	Paediatrics Instructional Session - Further information coming soon	Rhinology/Anterior Skullbase Instructional Session: How I Manage HHT		
17:00 17:30	Otology, Lateral Skull Base, Balance Instructional Session: Endoscopic myringoplasty tips and pitfalls	Head & Neck Debate: Is Immunotherapy likely to be the death of surgery in the treatment of Head & Neck Cancer?	Rhinology/Anterior Skullbase Instructional Session: Dancing around the lacrimal system: a key landmark in sinus and skull base surgery	Laryngology Instructional Session: Sulcus and Vocal Cord Scar	Facial Plastics Instructional Session: Flap Techniques in Skin Cancer	Laryngology Instructional Session: Laryngeal Manipulation	Facial Plastics Instructional Session: Non-Surgical Facial Rejuvenation	Paediatrics Instructional Session: Intracapsular Coblation Tonsillectomy	Rhinology/Anterior Skullbase Instructional Session: Management of Anterior Septal Deviations		
	Closure of day two - Likely to be Party night										

Time	Stream 1	Stream 2	Stream 3	Stream 4	Stream 5	Stream 6	Stream 7	Stream 8
08:30 09:15	Further information coming soon	Further information coming soon	Otology, Lateral Skull Base, Balance Key Note Lecture by Clemence Chidziva: Otology Training in Low to Middle Income Countries - A View from the Frontline	Further information coming soon	Further information coming soon	Further information coming soon	Further information coming soon	
08:30 09:15	Refreshments, EXPO, Posters							
09:15 10:00	Otology, Lateral Skull Base, Balance Key Note Lecture by Matthew Carlson: Re-thinking the vestibular schwannoma wait-and-scan paradigm	Head & Neck Key Note Lecture by Deepak Sarin: Surgical management of hyperparathyroidism	Rhinology/Anterior Skullbase Key Note Lecture by Daniel Simmen: Anatomical landmarks in sinus and skull base surgery	Facial Plastics Key Note Lecture by Philio Lekakis: Grafting techniques in rhinoplasty	Paediatrics Key Note Lecture by Carlton Zdanski (further information coming soon)	Further information coming soon	Further information coming soon	
10:05 10:50	Plenary speaker Dr Rachel Clarke (information on topic to follow)							
10:50 11:15	Refreshments, EXPO, Posters							
11:15 12:15	Otology, Lateral Skull Base, Balance Innovations in Otology	Head & Neck Symposia - TORS	Rhinology/Anterior Skullbase Symposium: MDT management of facial pain	Facial Plastics Advances in Facial Plastics	BOARS session: The Questions You Had About Research But Were Too Afraid To Ask	11:15 12:15 Audiology Day: Advances in Audiology Audiology State of the Nation	YCOHNS Q&A with the Clinical Directors	
12:15 13:30	Lunch break, EXPO, Posters							
13:30 14:30	Otology, Lateral Skull Base, Balance Panel Discussion: Skullbase Ostoemyelitis	Head & Neck Panel Discussion: The occult primary: a structured approach to management based on a national meta-consensus process	Rhinology/Anterior Skullbase Panel: Decision making in Rhinoplasty	Paediatrics Panel Discussion - further information coming soon	Laryngology Panel Discussion - further information coming soon	13:30 14:00 Audiology Day: Clinical Advances Are technological advances compatible with patient-centred care?	Head & Neck Mini-Symposia	
14:30 15:00	Otology, Lateral Skull Base, Balance Oral Presentations	Head & Neck Oral Presentations	Rhinology/Anterior Skullbase Oral Presentations	Paediatrics Oral Presentations	Laryngology Oral Presentations	14:00 14:30 Audiology Day: Clinical Advances Advances in research and guidance for tinnitus and hyperacusis	Head & Neck Mini-Symposia	
14:30 15:00	Otology, Lateral Skull Base, Balance Oral Presentations	Head & Neck Oral Presentations	Rhinology/Anterior Skullbase Oral Presentations	Paediatrics Oral Presentations	Laryngology Oral Presentations	14:30 15:00 Audiology Day: Clinical Advances Is the caloric dead in a world of vHIT and VEMP?	Head & Neck Mini-Symposia	
15:00 15:30	Refreshments, EXPO, Posters							
15:30 16:30	Otology, Lateral Skull Base, Balance Key Topics: All Ears?	Head & Neck Symposia: Reconstruction in Head & Neck Cancer	History of ENT	Paediatrics Key Topics in Paediatrics	Laryngology Symposium - further information coming soon	15:30 15:50 Audiology Day: Service Innovation Transformations An MDT approach to managing ear disease in patients with learning disabilities and autism	AOT 'Ready, Set, ST3'	
15:30 16:30	Otology, Lateral Skull Base, Balance Key Topics: All Ears?	Head & Neck Symposia: Reconstruction in Head & Neck Cancer	History of ENT	Paediatrics Key Topics in Paediatrics	Laryngology Symposium - further information coming soon	15:50 16:10 Audiology Day: Service Innovation Transformations Cloud-Based Hearing Aid Follow-up		
15:30 16:30	Otology, Lateral Skull Base, Balance Key Topics: All Ears?	Head & Neck Symposia: Reconstruction in Head & Neck Cancer	History of ENT	Paediatrics Key Topics in Paediatrics	Laryngology Symposium - further information coming soon	16:10 16:30 Audiology Day: Service Innovation Transformations Integrated Audiology pathway from first point of contact in primary care		
16:30 17:00	Otology, Lateral Skull Base, Balance Instructional Session: Running a comprehensive balance service: Going beyond the limits of the specialty for better patient care	Head & Neck Instructional Session: Pharyngeal Pouch, James O'Hara and Nick Roland	Rhinology/Anterior Skullbase Debate: Extent of sinus surgery	Paediatrics Instructional Session: Top Tips in Paediatric Cochlear Implants	Laryngology Dysphagia Assessment and Therapy in Oropharyngeal Dysphagia	16:30 16:50 Audiology Day: Service Innovation Transformations National wax management pathway in Wales	Head & Neck Instructional Session: Transoral 3D Endoscopic Oropharyngeal Resections	Facial Plastics Instructional Session - Regional blocks in facial plastic surgery
17:00 17:30	Otology, Lateral Skull Base, Balance Instructional Session: Endoscopic mx of cholesteatoma under LA: a treatment option in the elderly	Head & Neck Debate: TORS vs CHEMORT	Rhinology/Anterior Skullbase Instructional Session: How I do the basics in ESS (SPA and AEA ligations, sphenoidotomy, uncinctomy & MMA)	Paediatrics Instructional Session: How to drain periorbital abscess endoscopically	Laryngology Instructional Session - further information coming soon	16:50 17:30 Audiology Day: Service Innovation Transformations Case Discussion	Rhinology/Anterior Skullbase Instructional Session: How I do LARS	
	Closure of BACO
