Editor's Introduction
Sadie Khwaja, Editor, FPS UK News

Welcome to the 5th edition of the FPS Society Newsletter. Whilst you are enjoying the English summer, you can catch up on the review of the March AGM which was well attended in Manchester, the in depth interview with the invited keynote speaker, Mr Kofi Boahene and the update on the training and certification in cosmetic surgery by Mr Stephen Cannon, Vice President RCS (Eng).

This edition also covers Facial Plastic topics on MOHs surgery and Cleft surgery by experts in their fields, which will interest the reader, and then why not test yourself in the Quiz in the trainee section. Good luck!

Finally, save the date for BACO 2018 in Manchester!
3rd Annual Facial Plastic Surgery UK Meeting by Babatunde Oremulé

The third annual meeting of Facial Plastic Surgery UK was held at the Manchester Central Convention Centre. The meeting was well attended by 69 delegates from across the United Kingdom and featured an excellent faculty, including international keynote speaker Mr Kofi Boahene of Johns Hopkins Hospital.

Training

We have compiled a series of articles about training including an update on training and certification on cosmetic surgery and cleft surgery specialisation.
Update on Training and Certification in Cosmetic Surgery
by Stephen Cannon

This certification system was launched in March 2017 and is an online system. The Royal College of Surgeons, England website holds a list of those surgeons who are certified.
