Have you considered becoming an RSM member?
Explore questions around the diagnosis of mild traumatic brain injury by discussing the evidence and controversies produced by modern scanning techniques, for a greater understanding of these mild
About this event
This meeting will focus on the contemporary management of vascular malformations.

The day will be of interest to consultants and trainees in OMF surgery, plastic surgery, ENT surgery and radiology

Objectives
- Understand current methods of diagnosing the different types of vascular malformations
- Have a clearer understanding of the role of medical and surgical methods of managing vascular malformations

Prize

Short paper prize - October
Submission deadline: Monday 18 September 2018
Meeting date: Thursday 19 October 2017
Prize: £100
Open to: All trainees in relevant specialties

John Langdon essay prize
Submission deadline: Wednesday 13 September 2017
Meeting date: Thursday 19 October 2017
Prize: £250 prize money and £250 book vouchers
Open to: Candidates must be practicing medicine currently in the United Kingdom or the Republic of Ireland and be in a recognised training post
